

Mr. Walter C. Grant
Director of Government Affairs and IT Integration, INRange Systems, Inc.

As a Medical Informatics Consultant, Mr. Grant has been in key rolls in the planning, development, and management of several Healthcare IT initiatives. He has worked as a senior consultant and program manager for the Air Force Surgeon General. Mr. Grant has experience working with international healthcare organizations assisting in the planning and pre-deployment of programs world wide. He has worked with several Universities and commercial concerns, assisting them with healthcare IT initiatives and program development. He is currently the Director of Government Affairs for INRange Systems.

Mr. Grant worked for over 20 years with the Department of Veterans Affairs. During his career with the VA, Mr. Grant served as Chief Information Officer at several VA Medical Centers across the US. He has also managed several national projects for VA Central Office in the areas of Medical Informatics and Telemedicine. He has been recognized nationally for his contributions to VistA and has won the Government Computer News Innovation award.

Mr. Grant has held positions as a Medical Informatics Consultant, CIO, Healthcare Administrator, and Biomedical Engineer.

Walt is a long time member of the Healthcare Information Management Systems Society and the American Telemedicine Association.
